UA Screwdriver Unit Slides

Categories: A-Automation Systems, Automatic Screwdriving · **Brand:** SIRATEC

Description

UA-HZM SERIES

Dual action: 1 cylinder + 1 compression spring. The pneumatic cylinder and the screwdriver work together
the tightening process thanks to a compression spring.
Same features as the basic slide (UA-H).
Each type of slide can be equipped with a vacuum system, which allows for fastening in locations with recessed seats and/or
interference with the workpiece.

Brand

SIRATEC

SIRATEC is a company specializing in the design and manufacture of custom technical solutions for the automation of assembly and fastening processes, with a strong focus on innovation, ergonomics, safety, energy efficiency, and reliability.
