D71 Half-Moon Drill Bit

Categories: M-Hand Tools, Screw-in inserts · **Brand:** Vessel

Description

VESSEL BITS Screwdriver Accessories.

Specific options are available to meet a variety of needs. Within each group and family, every single bit is manufactured with:
Its own specific heat treatment designed to deliver optimal performance under specific operating conditions.
A careful selection of elements such as carbon, silicon, magnesium, nickel, chromium, molybdenum, and vanadium, added to the base steel alloy to create unique, specific characteristics.
Precision in manufacturing is essential: every single blade is produced with high levels of accuracy and quality control, in strict compliance with international ISO and JIS standards.
D71 Models:
4 mm Half-Moon Shank
Hexagonal SOCKET
Precision Blade

Founded in May 1916, Vessel is one of the leading manufacturers of professional tools, with a longstanding commitment to quality, innovation, value for money, and customer satisfaction.

The company places particular emphasis on environmental sustainability through the development of durable products, the use of recycled materials, resource-recovery-oriented design, and the minimization of its environmental impact. Over the course of more than a century, a commitment to quality has become the brand's hallmark: "VESSEL – Mark of Quality."
