SKD Micro-Screw Driver

Categories: M-Hand Tools, Torque-Controlled Screwdriving · **Brand:** Kilews

Description

The B100 series is an ultra-compact brushless electric screwdriver, designed for precision work on microcomponents.

Ideal for electronic assembly, it reduces the need for maintenance thanks to its brushless motor and ensures constant, controlled torque.

Mechanical stop when torque is reached, adjustable by turning a simple ring nut.

KEY FEATURES

Torque range: 0.008 - 0.34 Nm

Selectable speed: LO/HI

Accuracy class: B (±10%)

Brushless motor: long service life and zero maintenance

Start-up: lever-operated

ESD: Antistatic

Cable: standard length 2 m

SKP-12HL power supply included

Bit attachment: 4 mm bayonet

Brand

Kilews

Founded in July 1984 with six employees, Kilews is now a global leader in the industrial electrical assembly sector, specializing in the development of electric screwdrivers and fastening systems powered by electric and electronic motors.
