3K Screwdriver Bit

Categories: A-Automation Systems, Automatic Screwdriving · **Brand:** SIRATEC

Description

3K SERIES: standard screws. "Clamp" design that holds the screw in place even when subjected to an axial force;

Table with measurements in mm:

S	T	V	Y	U	Z	X	W
24	11	6	3	1	61	32	15

The 3K and 9K series screwdriver heads are available with an M20X1 or M14X1 threaded connection
In order for the screwdriver bit to tighten the screws, it is necessary to ensure that the screws are in the correct position using special heads. Whether you need a Sparo Vite system, a Pick & Place system with magnetizable screws, or a vacuum system, we have a solution for all your needs.

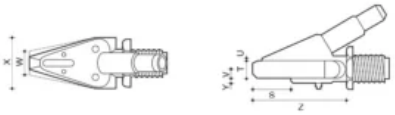

Brand

SIRATEC
