Brush Feeder RPM Selector

Categories: M-Hand Tools, Torque-Controlled Screwdriving · **Brand:** Kilews

Description

A single standard power supply provides the correct supply voltage and the necessary current level for all screwdriver models

Input voltage 100-240 VAC

On the SKP-32HL-60W model, the output voltage can be selected via a switch (24 VDC or 32 VDC)

All models are equipped with a grounding device to prevent static electricity shocks

Brand

Kilews

Founded in July 1984 with six employees, Kilews is now a global leader in the industrial electrical assembly sector, specializing in the development of electric screwdrivers and fastening systems powered by electric and electronic motors.
