Brush-type electric screwdriver

Categories: M-Hand Tools, Torque-Controlled Screwdriving · **Brand:** Kilews

Description

Powerful DC motor built with high-quality magnets. Both sturdy and ergonomic,
it allows for use in heavy-duty applications without overheating or causing operator fatigue.
FEATURES
Torques from 0.2 Nm to 4.7 Nm
Stable rotation and high precision in holding torque
Rotational speed selectable on the feeder via Hi and Lo switches or VR (continuous adjustment)
Clutch cover locking ring (KC-6)
Lever start
Cooling fan and air intakes for rapid heat dissipation and continuous operation.
Included power supply: SKP-32HL-60W

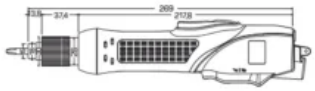

Brand

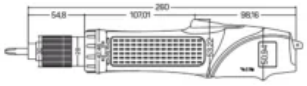

Kilews

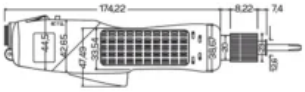

Founded in July 1984 with six employees, Kilews is now a global leader in the industrial electrical assembly sector, specializing in the development of electric screwdrivers and fastening systems powered by electric and electronic motors.
